It all started in 2005

I'd like to share a story
about the power of a
motivated church member.

Meet my Pathfinder
Shannon today!

She now finds unusual ways to hang out with friends!

Following my jump I challenged my pathfinders to serve and be rewarded by age 21 with a jump. Her interest and new career has saved a life!

Just been involved in one of the most amazing things I've ever witnessed – an entire community of people from all around the world uniting to raise money to fly Ben Cornick to Auckland and save his leg. We're still raising funds, but in just 10–12 hours people donated nearly 40,000nzd. Ben is overwhelmed by all the support – thanks everyone! If you want to [#DonateToBen](#), head over to [Ben Cornick Donation Page](#) 😊

HELP NEEDED FOR BEN'S CHARITY NIGHT: Hi folks, as some of you may be aware, we're planning on holding a charity night for Ben at one of our locals. There will be various fundraising bits, one of those being a raffle – which is where we need your help. We can only get so many bits and pieces donated as a prize locally, and so are reaching out to you lot to see if there's anything you can also offer. If you know anyone, or you yourself, can donate any goods or services that cou...

Ok guys I've been up and down the last few days but just wanted to give another HUGE thanks to everyone involved in sharing, caring and donating. I'm still in total awe of what you guys have achieved for me and I owe every single one of you. One shattered elbow, arm, femur and hip are all up and fixed(fingers crossed) and now its a case of hitting up the drugs and trying to get moving again.

Swellings going down, balls back to normal and getting out of bed to a chair or the ...

Marriage is a sacred bond that God Himself instituted. However the speed of today's society, the many distractions available and lack of education has led to many marriages falling apart or failing to realise their full potential. The aim of this project is to enable couples, in a distraction free environment, to better understand how to show love to the other spouse creating a stronger marriage and family. The challenge involves working through the book "The Five Love Languages" by Gary Chapman over a weekend away together.

Happy Christmas

The It Is Written Bible Correspondence School provides free courses on a variety of topics to the people of New Zealand. It is staffed by a team of tutors dedicated to helping you know the Bible better. The aim of the Bible School is to give every New Zealander the opportunity to learn more about the Bible. Pure and simple. Should any student or graduate wish to join a church, we will help to direct you to a local congregation who shares your beliefs. However, this is not the motive of the school. There are many New Zealanders who wish to learn more about Jesus, God and the Christian faith without necessarily joining a church, or aligning themselves with a faith community. The It Is Written Bible School encourages you to satisfy your curiosity or learn about Biblical principles for successful living, without cost, without obligation and without pressure to join any organisation.

As of July, 2012, more than 2800 students have enrolled in studies directed by our New Zealand Campus team. These students are from all over New Zealand. The courses are paper based and are posted through the New Zealand Post service. This is an expensive system. However, we find that many students still prefer to collect and file their studies, choosing this system over such based on-line system.
